Partnerships

Amazon Web Services

We are an AWS Partner Network (APN) member, offering specialized services and expertise in AWS technologies.

Google Cloud Platform

We are a Google Cloud Partner, providing solutions and training for Google Cloud services.

Hewlett Packard Enterprise

We collaborate with HPE to deliver cutting-edge IT solutions and services.

Veeam Backups

We also offer training and support for Veeam backups, ensuring that your data is efficiently protected and easily recoverable in case of any system failures or data loss incidents. Our experienced team will guide you through the implementation and configuration of Veeam backups, allowing you to have peace of mind knowing that your critical data is secure. With our Veeam backup solutions, you can confidently focus on your business objectives without worrying about data protection.

Amazon Web Services Partnership

Cloud Solutions

We offer expert cloud consulting, migration, and management services.

Security

We specialize in AWS security best practices and compliance.

Training and Certification

We provide AWS training courses and certification preparation.

Google Cloud Platform Partnership

1

Data Analytics

We leverage GCP's data analytics tools to help businesses gain valuable insights.

2

Machine Learning

We offer expertise in implementing AI and ML solutions on GCP.

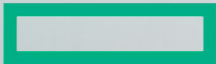

3

DevOps

We help businesses streamline their development and deployment processes using GCP tools.

Hewlett Packard Enterprise Partnership

Services	Description
